**"Just One"—A Chapter Challenge
By Brett Hahn**

Imagine if each one of your chapter members, in the course of a whole year, invited just one friend, neighbor, or coworker to a fun chapter event. Imagine

mentoring just one of these folks who live in your community, helping them discover this incredible world of aviation that you and I love so much.

Imagine doubling your chapter membership in the span of just one year. Just one chapter member, sharing his or her love of aviation with just one friend, one neighbor.

As I write this, Chapter 9 (Central Ohio), Chapter 88 (Wichita, Kansas), Chapter 129, (Flanagan, Illinois) and Chapter 1121, (Indianapolis) have all accepted my challenge and already are seeing their chapters growing. I challenge you now; just one member, mentoring one neighbor, for one year. What can your chapter do?

Fall Chapter Membership Drive Underway

rtunities for your EAA chapter activities like pancake breakfasts, fly-ins and Young Eagles rallies. We are encouraging and are inviting new and renewing EAA members across the world to visit their local chapter.

This is a great opportunity to share your aviation passions with new enthusiasts; hopefully they will discover a sense of family and community that will entice them to be a part of your chapter.

As fall progresses we will be surveying these EAA members to find out how positive their visit to your chapter was. So, throw the doors open, make a pot of coffee, sweep up the hangar, string up your chapter banners, and pin your name tags on. Company is coming!
Fall's here now and with cooler temperatures come

Chapter Members Can Compete to Win \$25,000

EAA's Founder's Innovation Prize 2016 will reward the best ideas brought forward during next summer's convention that help prevent aircraft loss of control. Typical loss-of-control scenarios for example, are stall/spins on final approach or departure

EAA Chapter Leadership Boot Camps Scheduled

We are taking the EAA Chapter Leadership Academy concept on the road! Starting in

January 2016, EAA staff will travel to Southern California and central Florida to engage as many chapter leaders as possible in a highly productive airplane-based setting

Does Your Chapter Need a Winter Project?

Every chapter needs a project to fund their activities. Some have pancake breakfasts and barbecues, other chapters rent out space in chapter hangars or hold raffles. Chapter 1095 makes EAA name tags for everybody else.

Another option is for chapters to build and sell a product. Picnic benches are a great, but heavy, option. Your chapter might consider kids pedal planes as EAA chapters 1121 (Greenfield, Indiana) and 1387 (Troy, Missouri) have discovered.

Time to Order Your Chapter World of Flight Calendars

We are now taking orders for the EAA "World of Flight" Calendars - 2016. These beautiful calendars are a great addition to any home or hangar.

Whether sitting on a grass field or gracefully slicing through the air, airplanes inspire us. These great photos remind us of the magic of flight. Order extra calendars so that your chapter members can each have their own.

World of Flight calendars are wonderful gifts for a friend or neighbor and a great fundraiser for your chapter too. Normally valued at \$12.99, these calendars can be purchased by your chapter in quantities of 10 or more for only \$6.99.

Call EAA Membership Services at 800-564-6322 FREE, Monday through Friday, 8 a.m. to 5 p.m. Central Standard Time.
